Significant misinformation exists concerning angels, not only in the Body of Christ, but throughout the earth. We have been taught that angels are frail, dainty, cupid-like creatures that have little power and that we are subordinate to them. That is not the case. The angels the Bible demonstrates are mighty and powerful with great strength to defeat our enemies. They appear throughout scripture to subdue kings and kingdoms, bring messages of hope, and save lives. Hebrews refers to them as ministers to those who are heirs of salvation. The psalmist recorded that they were flames of fire - hardly a cupid-like figure. This book will help you learn to engage with angels, to know your Personal Angel, to understand realms, to set your angel in place to guard your realms, and much more. You will want the information in this book. It is life changing!

"In 1998 sculptor Robert Graham was commissioned by the Catholic Archdiocese of Los Angeles to create the monumental bronze doors which would serve as entryway into the planned Cathedral of Our Lady of Los Angeles, the first major cathedral to be constructed in the United States in the new millennium. The Great Bronze doors were installed in May, 2002 and the Cathedral itself opens to the public in September, 2002. This book details the process of Grahams work and the iconography of the thirty-foot by thirty-foot, twenty-five ton bronze doors, and puts the work in a historical perspective."-Publisher description.
