Drawn from the legacy of Global Honda Homecoming event conducted in Kumamoto Factory (Japan), the event applauded the Homecoming of Honda's iconic H'ness CB350 and CB350RS.

This volume constitutes the thoroughly refereed conference proceedings of the 26th International Conference on Industrial Engineering and Other Applications of Applied Intelligence Systems, IEA/AIE 2013, held in Amsterdam, The Netherlands, in June 2013. The total of 71 papers selected for the proceedings were carefully reviewed and selected from 185 submissions. The papers focus on the following topics: auctions and negotiation, cognitive modeling, crowd behavior modeling, distributed systems and networks, evolutionary algorithms, knowledge representation and reasoning, pattern recognition, planning, problem solving, robotics, text mining, advances in recommender systems, business process intelligence, decision support for safety-related systems, innovations in intelligent computation and applications, intelligent image and signal processing, and machine learning methods applied to manufacturing processes and production systems.

Delivers a broad, conceptual introduction to chromatic homotopy theory, focusing on contact with arithmetic and algebraic geometry.

Millions of people are missing! There is mass panic and widespread devastation. What has happened to all the missing people? Loved ones have disappeared! All the children are missing! There are massive pile-ups on the highways with empty cars and other cares are filled with injured or dead people from all the wrecks. The streets look like a war zone! Was it an alien invasion or an attack of the zombies? Maybe they are all just hiding somewhere, because people cant just vanish into thin air! Is there a common thread for allthe missing people? Could it be the glorious appearing of Jesus Christ at the catching away or the Rapture of the Church? The one thing all the missing have in common is that there were true Christian, all were born-again believers. What has happened with all certainty is... the Rapture of the Church! If you have missed the Rapture of the Church, this book will help guide you through the tough days ahead and will provide insight into what will transpire on earth during the Tribulation Period. If the Rapture has not happened yet, this book will help prepare your heart to meet Christ and not have to endure the distress and turmoil of the wrath of God during the Great Tribulation.

Waterdeep, the City of Splendors--the most resplendent jewel in the Forgotten Realms, and a den of political intrigue and shady back-alley dealings. In this game, the players are powerful lords vying for control of this great city. Its treasures and resources are ripe for the taking, and that which cannot be gained through trickery and negotiation must be taken by force! Lords of Waterdeep is a Euro-style board game for 2-5 players. Components: Game board Rulebook 5 card stock player mats 121 Intrigue, Quest, and Role cards 130 wooden cubes, pawns, and score pieces Wooden player markers Card stock tiles and tokens representing buildings, gold coins, and victory points

This book introduces the concept, design and application of green biocomposites, with a specific focus on the current demand for green biocomposites for automotive and aerospace components. It discusses the mathematical background, innovative approaches to physical modelling, analysis and design techniques. Including numerous illustrations, tables, case studies and exercises, the text summarises current research in the field. It is a valuable reference resource for researchers, students and scientists working in the field of materials science.
