"In London, John Constantine is up to his usual antics: the adventures continue, quite dark and still twisted. Will he protect a group of British fishermen from an ancient merwoman? Or stop a disgraced royal from unleashing a bloodthirsty horror? There's really only one way to find out"--

"John Constantine is back in London, back to his old tricks--and just in time, as things have become very

dark indeed in his old stomping grounds. A small-time gang lord has found himself dealing with a big-time outbreak of supernatural weirdness...and, without any allies to call on and nothing left to call his own, John doesn't have much choice about taking a paycheck from one of London's worst, or accepting the help of one of the gang lord's would-be foot soldiers. But what should be an open-and-shut exorcism turns out to be nothing but...and madness is just getting started! The original Constantine is back in this series from Si Spurrier (The Dreaming) and Aaron Campbell (Infidel), with nothing to his name but decades of bad memories and an unearned second chance. How, exactly, will he squander it? There's only one way to find out... "--

A goth. A gun. A femme fatale. A white supremacist commando wannabe. What sick twist of fate brings them all together, turning three intelligent young Brits into neo-Nazi sociopaths on the run and shot to death in heartland U.S.A.? An ugly tale of brutal obsession, Hell Eternal charts this disaffected trio's spiraling descent from a sordid love triangle, through paramilitary internet intrigue, and into a conspiratorial and dangerous world from which there is no way out, alive.

As strange as it sounds, seducing a 2,000-year-old demon with a grudge isn't the riskiest stunt John Constantine has ever pulled. But tipping the supernatural scales for a chance at love will exact a cost higher than he ever thought possible. And try as he might, is this something that devil-may-care Constantine can walk away from? Collects Hellblazer #250-260 and Hellblazer Special: Chas-The Knowledge #1-5.

retrieve a mysterious artifact from a crashed zeppelin in the English Channel. How many second chances is one man allowed to have, even when wielding the sword of Hyperborea? Hellboy creator Mike Mignola gives us a new tale from the world of Hellboy, cowritten by Rob Williams and featuring the art of Mignolaverse veteran Lawrence Campbell in an all-new series of Hellboy lore!

As the House of Slaughter arrives to clean up the situation by any means necessary, Erica will find that the true threat to those around her isn't who - or what - she ever expected. And the cost of saving the day may be too high for anyone to pay... NOT ALL MONSTERS HIDE IN THE DARK. Archer's Peak is in lockdown, as Erica Slaughter has lost control of the situation and news of the killings has spread outside the town. But as the House of Slaughter arrives to clean up the situation by any means necessary, Erica will find that the true threat to those around her isn't who - or what - she ever expected. And the cost of saving the day may be too high for anyone to pay... GLAAD Award-winning writer James Tynion IV (Batman, The Woods) and artist Werther Dell'Edera (Briggs Land) present the next chapter of the Eisner Award-nominated and critically-acclaimed series that reveals the monsters hiding in plain sight. Collects Something is Killing The Children #11-15.

debut in the U.S. comic book industry with the revitalization of the horror comic book *The Swamp Thing*. His deconstruction of the classic monster stretched the creative boundaries of the medium and became one of the most spectacular series in comic book history. With modern-day issues explored against a backdrop of horror, *The Swamp Thing* stories became commentaries on environmental, political, and social issues, unflinching in their relevance. Created out of the Swamp by a freak accident, *Swamp Thing* is an elemental creature who uses the forces of nature and wisdom of the plant kingdom to fight the polluted world's self-destruction. Alan Moore took the *Swamp Thing* to new heights in the 1980s with his unique narrative approach. His provocative and groundbreaking writing, combined with masterly artwork by some of the medium's top artists, made *Swamp Thing* one of the great comics of the late twentieth century. Book One begins with the story *The Anatomy Lesson*, a haunting origin story that reshapes *Swamp Thing* mythology with terrifying revelations that begin a journey of discovery and adventure that will take him across the stars and beyond. In this second collection, *The Swamp Thing* says goodbye to the illusion of his own humanity after learning that he is 100% plant, meets a crew of benevolent alien invaders inspired by the classic comic strip *Pogo* (also set in the swamp), and consummates his relationship with Abigail Arcane as only he could. The third volume is brimming with visceral horrors including underwater vampires, a werewolf with an unusual curse, the hideous madman called *Nukeface*. Best of all, this volume features the comics debut of John Constantine, *Hellblazer*, who launches *Swamp Thing* on a voyage of self-discovery that will take him from the darkest corners of America to the roots of his own long-hidden heritage. Volume four brings *Swamp Thing*'s quest for self-discovery with the mystic John Constantine to its shattering conclusion. A harbinger of doom has been released with the sole charge of waking an evil beyond comprehension, and *Swamp Thing*, John Constantine, *Deadman*, *The Phantom Stranger*, *Etrigan the Demon*, *The Spectre* and other masters of the

occult must unite against the dark forces that threaten to eradicate Heaven's light. The fifth volume begins as Swamp Thing returns from his sojourn to hell, only to learn that his girlfriend Abby is being persecuted for their "unnatural relations." When she skips town for Gotham City, he follows and runs afoul of Batman, Lex Luthor, and the Gotham City Police Department. The sixth and final volume collects Moore's entire run, reprinting issues #57-64 and features the classic stories Loving the Alien and All Flesh is Grass.

Cast out of Heaven, thrown down to rule in Hell, Lucifer Morningstar has resigned his post and abandoned his kingdom for the mortal city of Los Angeles. Emerging from the pages of writer Neil Gaiman's award-winning series *The Sandman*, the former Lord of Hell is now enjoying a quiet retirement as the proprietor of Lux, L.A.'s most elite piano bar. Still weak, with most of his power locked in the feathers stolen by Susano-O-No-Mikoto, Lucifer faces the challenge of single combat to the death with his brother, the angel of the Host Amenadiel. But when victory comes at the sacrifice of another, Lucifer embarks on a voyage that will take him to the depths of his former kingdom and beyond to retrieve their lost soul.
