The Devil in the Shape of a Woman is an exploration of witchcraft in colonial New England, including the Salem Witch Trials and other witchcraft outbreaks in the 17th century. Carol F. Karlsen's approach is not to recount the histories as such as it is to look beyond the usual recounts and discover the societal attitudes and impulses behind these accusations — and why women were predominately the target of these accusations.

~~The Devil in the Shape of a Woman: Witchcraft in Colonial~~---

The Devil in the Shape of A Woman by Carol F. Karlsen studies witchcraft in colonial New England. The thesis of the book is to examine the different factors contributing to the witchcraft hysteria for early settlers and why most witches were women.

~~The Devil in the Shape of a Woman: Witchcraft in Colonial~~---

A devil is the personification of evil as it is conceived in many and various cultures and religious traditions. It is seen as the objectification of a hostile and destructive force. It is difficult to specify a particular definition of any complexity that will cover all of the traditions, beyond that it is a manifestation of evil.

"A pioneer work in . . . the sexual structuring of society. This is not just another book about witchcraft."—Edmund S. Morgan, Yale University Confessing to "Familiarity with the Devils," Mary Johnson, a servant, was executed by Connecticut officials in 1648. A wealthy Boston widow, Ann Hibbens, was hanged in 1656 for casting spells on her neighbors. In 1662, Ann Cole was "taken with very strange Fits" and fueled an outbreak of witchcraft accusations in Hartford a generation before the notorious events in Salem took place. More than three hundred years later the question still haunts us: Why were these and other women likely witches? Why were they vulnerable to accusations of witchcraft? In this work Carol Karlsen reveals the social construction of witchcraft in seventeenth-century New England and illuminates the larger contours of gender relations in that society.

"A pioneer work in ...the sexual structuring of society. This is not just another book about witchcraft." —Edmund S. Morgan, Yale University Confessing to "familiarity with the devils." Mary Johnson, a servant, was executed by Connecticut officials in '648. A wealthy Boston widow, Ann Hibbens was hanged in 1656 for casting spells on her neighbors. The case of Ann Cole, who was "taken with very strange Fits," fueled an outbreak of witchcraft accusations in Hartford a generation before the notorious events at Salem. More than three hundred years later, the question "Why?" still haunts us. Why were these and other women likely witches—vulnerable to accusations of witchcraft and possession? Carol F. Karlsen reveals the social construction of witchcraft in seventeenth-century New England and illuminates the larger contours of gender relations in that society.

Confessing to "Familiarity with the Devils" Mary Johnson, a servant, was executed by Connecticut officials in 1648. A wealthy Boston widow, Ann Hibbens, was hanged in 1656 for casting spells on her neighbors. In 1662, Ann Cole was "taken with very strange Fits," and fueled an outbreak of witchcraft accusations in Hartford a generation before the notorious events in Salem took place. The witch-hunting hysteria that seized New England in the late seventeenth century still haunts us today. Why were these and other women likely witches? Why were certain people vulnerable to accusations of witchcraft and possession? The author draws a detailed portrait of the women who were persecuted as witches and in the process examines a society in transition, where fears and witch hunts were manifestations of much deeper sexual, religious, and economic tensions.

~~The Devil in the Shape of a Woman~~---

Award-winning historian Mary Beth Norton reexamines the Salem witch trials in this startlingly original, meticulously researched, and utterly riveting study. In 1692 the people of Massachusetts were living in fear, and not solely of satanic afflictions. Horrifyingly violent Indian attacks had all but emptied the northern frontier of settlers, and many traumatized refugees—including the main accusers of witches—had fled to communities like Salem. Meanwhile the colony ' s leaders, defensive about their own failure to protect the frontier, pondered how God ' s people could be suffering at the hands of savages. Struck by the similarities between what the refugees had witnessed and what the witchcraft " victims " described, many were quick to see a vast conspiracy of the Devil (in league with the French and the Indians) threatening New England on all sides. By providing this essential context to the famous events, and by casting her net well beyond the borders of Salem itself, Norton sheds new light on one of the most perplexing and fascinating periods in our history.

This book represents the first systematic study of the role of the Devil in English witchcraft pamphlets for the entire period of state-sanctioned witchcraft prosecutions (1563-1735). It provides a rereading of English witchcraft, one which moves away from an older historiography which underplays the role of the Devil in English witchcraft and instead highlights the crucial role that the Devil, often in the form of a familiar spirit, took in English witchcraft belief. One of the key ways in which this book explores the role of the Devil is through emotions. Stories of witches were made up of a complex web of emotionally implicated accusers, victims, witnesses, and supposed perpetrators. They reveal a range of emotional experiences that do not just stem from malefic witchcraft but also, and primarily, from a witch ' s links with the Devil. This book, then, has two main objectives. First, to suggest that English witchcraft pamphlets challenge our understanding of English witchcraft as a predominantly non-diabolical crime, and second, to highlight how witchcraft narratives emphasized emotions as the primary motivation for witchcraft acts and accusations.

The story of the Salem Witch Trials told through the lives of six women Six Women of Salem is the first work to use the lives of a select number of representative women as a microcosm to illuminate the larger crisis of the Salem witch trials. By the end of the trials, beyond the twenty who were executed and the five who perished in prison, 207 individuals had been accused, 74 had been "afflicted," 32 had officially accused their fellow neighbors, and 255 ordinary people had been inexorably drawn into that ruinous and murderous vortex, and this doesn't include the religious, judicial, and governmental leaders. All this adds up to what the Rev. Cotton Mather called "a desolation of names." The individuals involved are too often reduced to stock characters and stereotypes when accuracy is sacrificed to indignation. And although the flood of names and detail in the history of an extraordinary event like the Salem witch trials can swamp the individual lives involved, individuals still deserve to be remembered and, in remembering specific lives, modern readers can benefit from such historical intimacy. By examining the lives of six specific women, Marilynne Roach shows readers what it was like to be present throughout this horrific time and how it was impossible to live through it unchanged.

A detailed look at the folk magic used by settlers in early New England.

This bold and imaginative book marks out a different route towards understanding the body, and its relationship to culture and subjectivity. Amongst other subjects, Lyndal Roper deals with the nature of masculinity and femininity.
