Before, during, and after World War II, Maria Savchyn Pyskir served in the Ukrainian Underground resistance. Her dramatic and poignant memoir tells of her recruitment into underground service at age 14, her participation in resistance activities during the War, her bittersweet marriage to revolutionary leader "Orlan," her struggle against Stalinist forces, and her captures by and escapes from the KGB. In the 1950s when she escaped to the West, she began these memoirs, which were not published in Ukrainian until after the fall of the Soviet Union. Their appearance in Ukrainian caused a sensation, as she remains the only survivor of the Ukrainian Insurgent Army (UPA) to have told her tale, now offered in English. Pyskir, whose escape came at the cost of her husband, children, and family, recreates in her memoir an astonishing account of her experiences as a Ukrainian partisan, a woman, a wife, a mother, and an outcast from her own land. The book contains maps, many of the author's own photographs, and a foreword by John A. Armstrong.

In this book the author uses true accounts of her family's history to discuss the treatment of Ukrainian citizens of Poland after World War II and the political upheaval and relocation which occurred to them.

A portrait of rock music legend Gram Parsons documents his extraordinary talent for integrating country music and rock and roll, his influence on music, his turbulent and self-destructive lifestyle, and his tragic death.

"In this gripping memoir of a young Ukrainian woman's encounter with Communism and Nazism, Luba Komar experiences imprisonment, torture, death row, violence, escape, resistance, and, finally, flight to the West. Throughout, Luba retains her dignity and manifests a quiet heroism—convincingly demonstrating that totalitarianism is ultimately powerless in the face of individuals with the spiritual courage to speak the truth." -Alexander J. Motyl, Rutgers University-Newark, Author of "Who Killed Andrei Warhol" Ukraine is suffering under Soviet domination in 1940 as World War II begins. Luba Komar, a politically active student at a Ukrainian university, finds herself whisked away in the middle of the night by the Soviet Secret Police. She is tortured, imprisoned and then sentenced to death in a secret Soviet trial. Fortunately, her death sentence is commuted to exile. With other prisoners, she's loaded onto a train headed to the dreaded Siberian concentration camps. Luckily, Luba never reaches Siberia. As Nazi bombers approach overhead, the Soviets divert the train to another prison. There, the inmates courageously stage a prison break, risking their lives. Luba is witness to the dramatic events that shaped Ukrainian and Soviet history both during and after WWII. In recording her ordeal, she brings to life the stories of her fellow prisoners, and recounts her eventual escape to the West. *Scratches on a Prison Wall* is a powerful testament to its author and the times in which she lived.

The story of how Stalin ruthlessly built his 'Red Empire' in the aftermath of World War II - and what inspired him to build it.

In these pages, Kevin Crossley-Holland visits the foreign land of childhood. First memories as a war-baby; starting a museum; being coached at Lord's; living above the spring line below the great chalk cross at Whiteleaf in the Chiltern Hills, and roaming in the beechwoods; holidays on the north Norfolk coast; falling under the spell of Arthurian legend... Above all, *The Hidden Roads* revolves around the sanctity and splintering of family, and the bonding of brother and sister, and is steeped in the landscapes and layers of England.

*Being Soviet* adopts a refreshing and innovative approach to the crucial years between 1939 and 1953 in the USSR. It examines how the language of Soviet identity evolved in this period, and how ordinary citizens responded to that shift.

This volume explores the nature of nostalgia as an important emotion in contemporary society and social theory. Situated between the 'sociology of emotions' and 'nostalgia studies', it considers the reasons for which nostalgia appears to be becoming an increasingly significant and debated emotion in late-modern culture. With chapters offering studies of nostalgia at micro-, meso- and macro-levels of society, it offers insights into the rise to prominence of nostalgia and the attendant consequences. Thematically organised and examining the role of nostalgia on an individual level – in the lives of concrete individuals – as well as analysing its function on a more historical social level as a collective and culturally shared emotion, *Nostalgia Now* brings together the latest empirical and theoretical work on an important contemporary emotion and proposes new agendas for research. As such, it will appeal to scholars of sociology, social theory, psychology and cultural studies with interests in the emotions.

"Virginia Scharff's wonderfully readable account of women in motion complicates and enriches our understanding of the nineteenth and twentieth century Wests. Her gendered remapping of the regional landscape explodes traditional notions of western movement. All students of women and gender, travel and place, the West and America, would do well to read this excellent book."—David M. Wrobel, author of *Promised Lands: Promotion, Memory, and the*

Creation of the American West "Virginia Scharff claims for women what has long been central to the masculine mythology of the West—free movement and its many gifts, real and imagined. Her book is as exhilarating and as intellectually and emotionally expansive as our enduring dream of flight across the American land."—Elliott West, author of *The Contested Plains: Indians, Goldseekers, & the Rush to Colorado* "Brilliant is not a word that is often a part of my critical vocabulary, but brilliantly is how *Twenty Thousand Roads* begins. When writing of Sacagawea and Susan Magoffin, Virginia Scharff shows vividly how a single life can be a source of sophisticated cultural analysis without becoming an academic artifact or an object of condescension."—Richard White, author of *It's Your Misfortune and None of My Own: A New History of the American West*

Robert Sullivan, who has driven cross-country more than two dozen times, recounts one of his family's many journeys from Oregon to New York. His story of moving his family back and forth from the East Coast to the West Coast (along with various other migrations), is replete with all the minor disasters, humor, and wonderful coincidences that characterize life on the road, not to mention life. As he drives, Sullivan ponders his Lewis and Clark and other fellow nation-crossers, meets Beat poets who are devotees of cross-country icon Jack Kerouac, and plays golf on an abandoned coal mine. And, in his trademark celebration of the mundane, Sullivan investigates everything from the history of the gas pump to the origins of fast food and rest stops. *Cross Country* tells the tales that come from fifteen years of driving across the country (and all around it) with two kids and everything that two kids and two parents take when driving in a car from one coast to another, over and over, driving to see the way the road made America and America made the road. Praise for *Cross Country*: "Sullivan writes with precision, humor and empathy, and his own voice carrying us along."-Oregonian "[A] sprawling, zigzagging, history-drenched memoir."-Boston Globe "[An] entertaining, eclectic and eccentric memoir."-Cleveland Plain Dealer "[Sullivan] channels Walt Whitman's sense of wonder."-Washington Times "[Sullivan] could be the uncrowned king of road tripping."-Seattle Post Intelligencer "Sullivan is sensitive, witty and well-read, which is why it's so much fun to have him along for the ride."-USA Today "Sullivan is fascinating...he's in a league with Bill Bryson, a writer who deftly mixes humor and knowledge."-Fort Worth Star Telegram "Cross Country is, by turns, grand, timely, intriguing...fascinating." -LA Times Book Review "[Sullivan] is brilliant at
