Yes to Europe! The 1975 Referendum and Seventies Britain ...

The United Kingdom European Communities membership referendum was a public vote that took place on 5 June 1975, on whether the United Kingdom should remain a member of the European Communities which was principally the European Economic Community (the Common Market) as it was known at the time.

whether the UK should remain in the European Community. As in 2016, the campaign shattered old political allegiances and triggered a far-reaching debate on Britain's place in the world. The campaign to stay in stretched from the Conservative Party - under its new leader, Margaret Thatcher - to the Labour government, the farming unions and the Confederation of British Industry. Those fighting to 'Get Britain Out' ranged from Enoch Powell and Tony Benn to Scottish and Welsh nationalists. Footballers, actors and celebrities joined the campaign trail, as did clergymen, students, women's groups and paramilitaries. In a panoramic survey of 1970s Britain, this volume offers the first modern history of the referendum, asking why voters said 'Yes to Europe' and why the result did not, as some hoped, bring the European debate in Britain to a close.

Michael Dante played the title role in *Winterhawk* (1975), a Western about a legendary Blackfoot Chief's character and his principles. In this novella sequel, he pens an ageless saga about ruthless railroad executives trying to assassinate him in order to build their railroad directly through his territory, taking the Blackfoot land without provocation. *Winterhawk* and his tribe remain strong as long as they can, to protect the land of their people, the land they call home, before the invasion of progress imposes itself on America. This inspiring story of a brave man, who stands up to and fight against those who have their own agenda for his land, evokes the nostalgic atmosphere of Western series that Dante frequently appeared in during American television's Golden Era, such as *Death Valley Days*, *The Big Valley*, *Daniel Boone*,

Custer, The Texan, Bonanza, Maverick, and Cheyenne.

Although the United Kingdom ' s entry to the European Community (EC) in 1973 was initially celebrated, by the end of the first year the mood in the UK had changed from ' hope to uncertainty ' . When Edward Heath lost the 1974 General Election, Harold Wilson returned to No. 10 promising a fundamental renegotiation and referendum on EC membership. By the end of the first year of membership, 67% of voters had said ' yes ' to Europe in the UK ' s first-ever national referendum. Examining the relationship between diplomacy and domestic debate, this book explores the continuities between the European policies pursued by Heath and Wilson in this period. Despite the majority vote in favour of maintaining membership, Lindsay AQUI argues that this majority was underpinned by a degree of uncertainty and that ultimately, neither Heath nor Wilson managed to transform the UK ' s relationship with the EC in the ways they had hoped possible.

In 1983, aged 36, Johan Cruyff, one of the world's most iconic football superstars, guided Ajax to a league and cup double. Out of contract, most people, including the player, expected a valedictory final season and a one-year extension. Inexplicably, Ajax let him go. They grossly underestimated the fierce genius of Johan Cruyff. He signed for bitter rivals Feyenoord, leading them to a league and cup double, silencing his critics and thrilling football fans everywhere. *Fierce Genius* analyses this incredible season, as he evolves from player to coach. It is a fascinating insight into his professional and private life. Imperious on the park, off it, he dealt with kidnappings and bankruptcy after being defrauded by a conman. Bollen gets inside

Cruyff's mind, helping the reader understand the mentality which made him a top player and successful coach. *Fierce Genius: Cruyff's Year at Feyenoord* is compelling, insightful and poignant. Written with a journalistic tone, by an accomplished comedy writer, this is a warm, affectionate and informative portrait of one of world football's greats.

THE TOP TEN SUNDAY TIMES BESTSELLER Geography comes before history. Islands cannot have the same history as continental plains. The United Kingdom is a European country, but not the same kind of European country as Germany, Poland or Hungary. For most of the 150 centuries during which Britain has been inhabited it has been on the edge, culturally and literally, of mainland Europe. In this succinct book, Tombs shows that the decision to leave the EU is historically explicable - though not made historically inevitable - by Britain's very different historical experience, especially in the twentieth century, and because of our more extensive and deeper ties outside Europe. He challenges the orthodox view that Brexit was due solely to British or English exceptionalism: in choosing to leave the EU, the British, he argues, were in many ways voting as typical Europeans.

Situates the controversial Thatcher era in the political, social, cultural and economic history of modern Britain.

critical attitude toward 19th century marriage norms. In the central character of Nora, Ibsen epitomized the human struggle against the humiliating constraints of social conformity. Nora's ultimate rejection of a smothering marriage and life in 'a doll's house' shocked theatergoers of the late 1800s and opened new horizons for playwrights and their audiences.
